LG G4 Back Cover Replacement

If you need to open the back of your device, this guide will help you through it.

Written By: carolinavind

INTRODUCTION

This guide contains instructions on how to open the back cover of the LG G4.

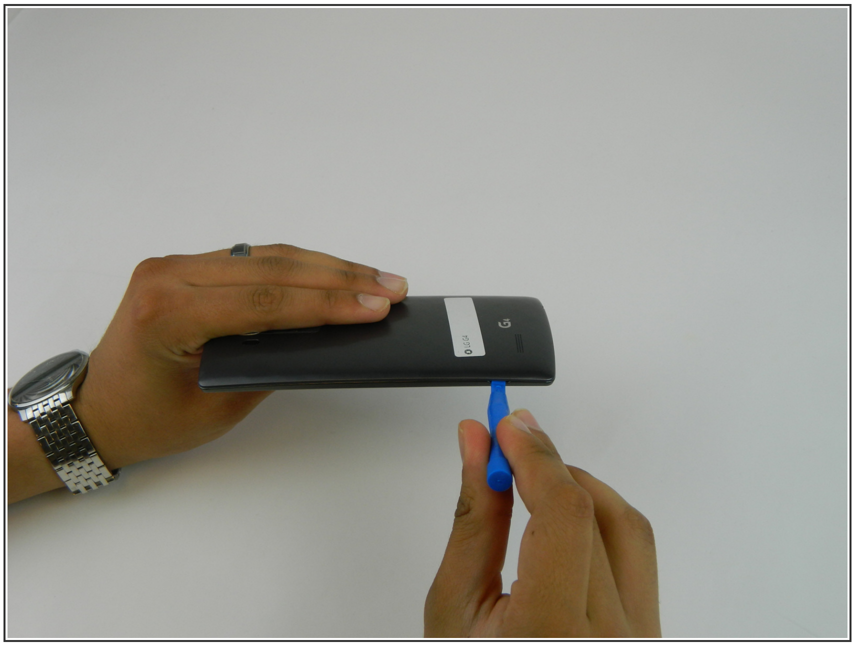

TOOLS:

- iFixit Opening Tools (1)
- Phillips #00 Screwdriver (1)

PARTS:

- LG G4 Rear Panel (1)

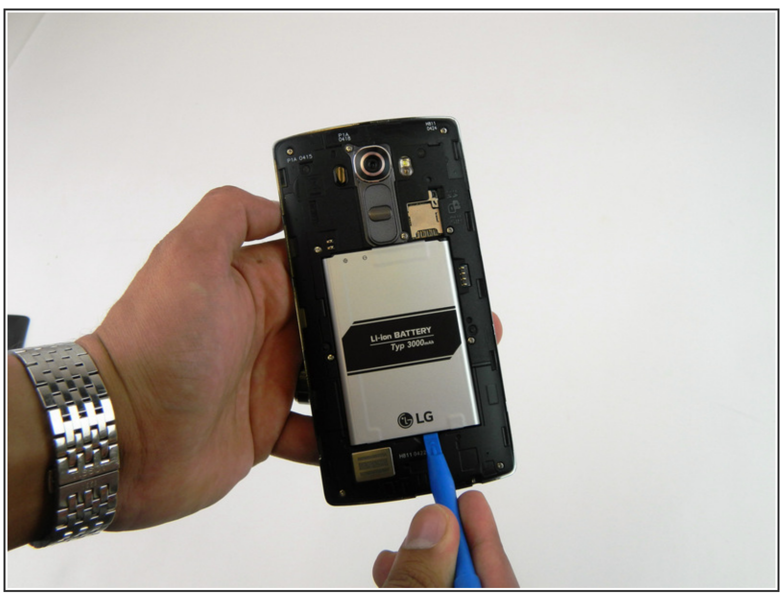

Step 1 — Back Cover

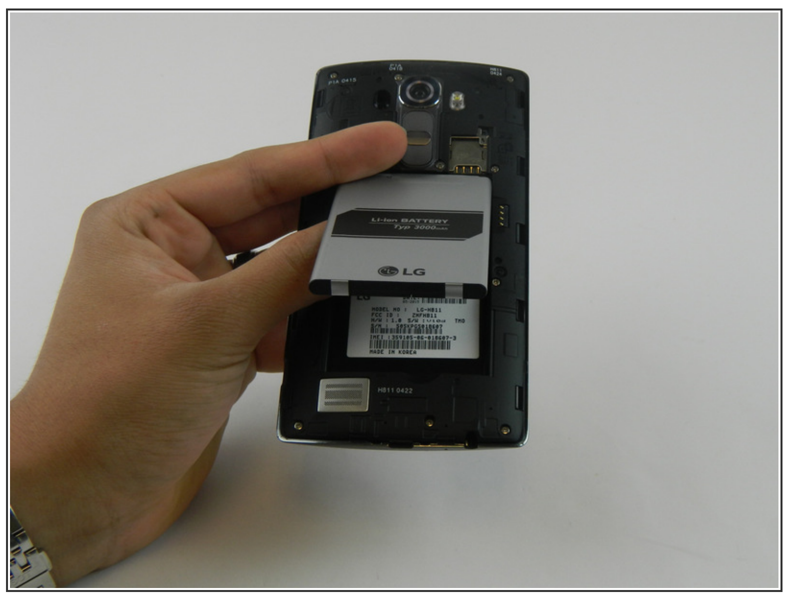

⚠ Make sure the phone is powered off.

- Remove the rear cover by placing the plastic opening tool in the groove on the bottom left side of the LG G4 and gently prying up.

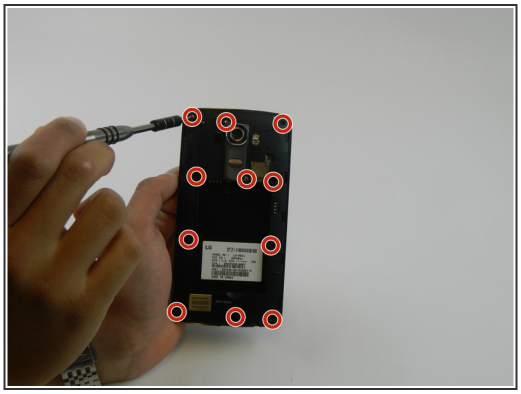

Step 2

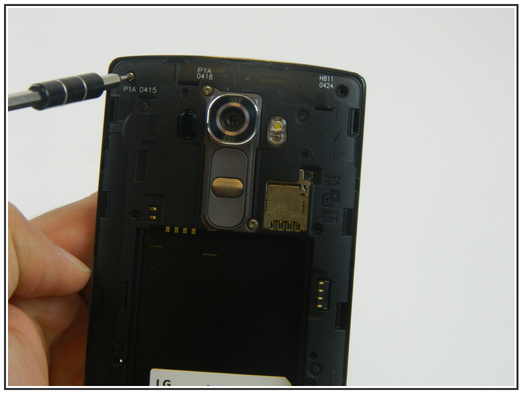

- Place the plastic opening tool at the bottom edge of the battery and lift up. Carefully remove battery with your hands.

Step 3

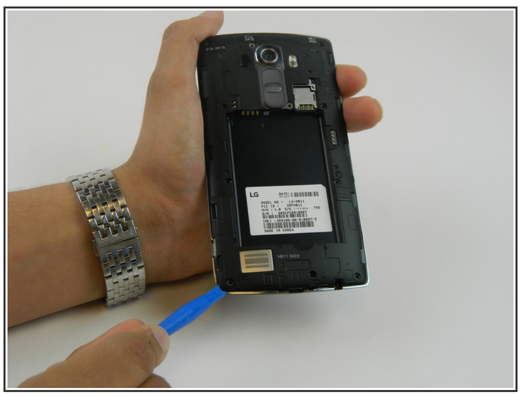

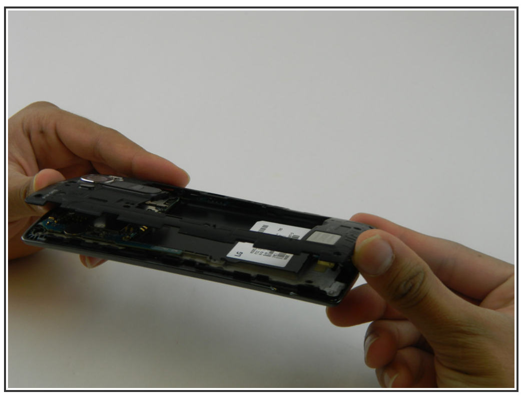

- Remove the **eleven** 3.9 mm Phillips #00 screws found at the back of the phone.

Step 4

- Once all the screws have been removed, place the plastic opening tool in the lower left corner and firmly lift the cover up.
- Detach the cover with your fingers

To reassemble your device, follow these instructions in reverse order.
